

Join us Friday March 5, 2010 for a morning of inspiration and action with Severn Cullis-Suzuki!

9:30 – 11:45 AM

Evraz Place, Queensbury Centre, Salon A in Regina

Severn Cullis-Suzuki will be to Regina to share her stories of leadership with us. The word leadership can be intimidating, but we're not talking about presidential candidates. We're talking about the **power in all of us** to take that first step toward change.

Severn Cullis-Suzuki

Want to make an impact? Start by attending this event to:

- hear Severn speak about how global change **begins at the community level**
- ask questions about **what this means to you**
- discuss what you can do to make it happen

Our goal is to empower individuals – especially youth – **to action**. We believe schools, communities and families share responsibility for making this possible, whether it's physical activity or sustainable choices.

Be part of the event wherever you are!

Attend the event in Regina!
